VENDOR APPLICATION:

Enclosed please find a Vendor Application and General Rules for your convenience in registering for the 2024 Monroe Auto Swap Meet at the Evergreen State Fairgrounds in Monroe, May 18th & May 19th, 2024. We offer **returning vendors** first choice in registering their prior year stall(s). If a completed **Returning Vendor Application and payment** have not been received by February 29th, 2024, the stall(s) will open to all **NEW Vendors** who have submitted an application and payment beginning January 1st, 2024. These New Vendor Applications will be processed by the date received. If no stall(s) are available, your application and payment will be returned.

VENDOR MIRROR TAG – SALES AREA ACCESS – VENDOR PARKING:

All vendors will be issued a Vendor Mirror Tag for each stall purchased. Vendor Mirror Tags will be required to enter the Sales Area during the Vendor Set-up times as outlined on the enclosed General Information sheet. No vehicle will be admitted to the Sales Area without displaying the Vendor Mirror Tag on their front windshield! Your cell phone number must also be written and displayed on the Mirror Tag. This Tag must remain in the vehicle at all times or the vehicle may be towed. Yes, this means that if one stall is purchased, only one vehicle will be admitted! [You may unload the first vehicle then remove that vehicle from the sales area and return with another vehicle to unload.](#) This is vital in maintaining open access to all stalls during vendor set-up times.

The Vendor Mirror Tag must also be displayed in the front windshield to park in the Vendor Parking Lot. No vehicle will be admitted to the vendor parking lot without a Mirror Tag displayed properly including a **cell number**. Unauthorized vehicles without mirror tags will be towed.

Vendor load-in and Code of Conduct

Welcome to this year's Monroe Swap Meet at the Evergreen State Fairgrounds. Vendors can start lining up at 6:00 am on Friday, May 17th in the Vendor Parking Lot off Cascade View Drive on the east side of the fairgrounds.

Please have your mirror tag hanging inside your vehicle with all your information filled out including your cell phone number. Big rigs and trucks with trailers use the far most Southern lane to stage. The vendor gates will open at 12 noon or earlier, so be prepared to move any time after 11:30 am.

If you don't know exactly where your stall is or it's your first time, there will be a full-size stall map at the vendor entrance which will show you exactly where you'll need to go. Please have patience during this time because there will be a lot of vehicles moving around to unload their wares. Each area has an Area Captain that can help with any issues that may arise.

We value the safety of all vendors and attendees during our event. We do not allow threats or aggressions:

Threats and Aggressions include:

Disrespectful language

Acts or threats of violence

Insults based on gender, religion or race.

Political banners, flags, decals, handouts or slogans are also banned as well as inappropriate language.

Please be kind to our staff as we're all volunteers trying the best we can to accommodate everyone's needs. Please refrain from yelling or any rude behavior, none of that will be tolerated. We will have both the City of Monroe Police and the Snohomish County Sheriff on duty during the event.

The Car Corral (on the west side of the fairgrounds off 179th Ave. S.E) will open at noon to sell your vehicle or projects on trailers. They can stay in the lot from noon on Friday to 2pm on Sunday, we'll also have security on both Friday and Saturday night.

To accommodate customers who buy items that need to be picked up, we will have a drop-off and pickup area in the same parking lot (area 32) at the Car Corral. Just tell the staff at the entrance that you're picking up or dropping off parts (one hour limit for parking).

For questions, T-shirt sales, electrical drops, lost & found, first-aid or reservations for next year please go to the administration area in building 600 which is just east of the main building 604. Fairgrounds staff will be on site to handle any emergencies.
